February 25, 2010

Eldon James
Coordinator
Rappahannock River Basin Commission
406 Princess Anne Street
Fredericksburg, VA 22401

Dear Mr. James:

We have reviewed the Rappahannock River Basin Commission's (RRBC) financial information, and the George Washington Regional Commission's (GWRC) audit report. We have determined that the audit performed by the Miller Foley Group for Fiscal 2008 satisfies our statutory requirement to audit the Rappahannock River Basin Commission under Section 62.1-69.33 of the Code of Virginia. For future fiscal years, please send us the compiled RRBC's financial information and GWRC's audit report for each fiscal year when they become available.

You may submit these documents electronically. We will then review these documents and reassess our need to perform a separate audit of the RRBC.

If anyone inquires about your audit status, please have them contact us.

Sincerely,

Walter J. Kucharski
Auditor of Public Accounts
